

6516205581.txt

To: Whom it may concern,  
I depend upon Traffic and weather updates... These updates help to provide the safest and easier route to my daily destinations! I also travel through high risk / natural disaster areas on a regular basis. If a tornado was to strike, I need to be informed immediately to take shelter. Please reject the NAB Petition 04-160.

Thank you,

Michael Pytlik
